

Please vote AGAINST this proposal. I am strongly against the deruglation proposal for TV, as passing this proposal will allow a handful of companies to tighten their grips on our marketplace.

I am a freelance television producer with a TV series on-the-air, and passing this proposal stands to put me out of business. With the repeal several years ago of fin-syn, I am already just barely hanging on.

In addition, please release the proposal to the public or delay the vote on the proposal. I join the Producers Guild of America in urging you to consider the above. Thank you.
